ACTION ALERT

NAMI Southwestern Pennsylvania is joining the PA Mental Health Consumers Association (PMHCA) and the Mental Health Association of PA for a Restore Our Funding Call-In Day!

PLEASE TAKE ACTION TOMORROW!

On Wednesday, July 8, please call your legislator and urge them to support the mental health community base and BHSA (Behavioral Health Services Initiative) funding as proposed by Gov. Wolf.

WHAT TO DO

Call and ask your legislator to:

- Negotiate and work toward a budget that supports mental health services.
- Support restoration of the 2012-2013 budget cuts; Gov. Wolf proposed a one-third restoration and funding to fight the widespread heroin and opioid usage.
- Consider new revenue streams proposed in Gov. Wolf's budget.

Tell your legislator of your personal relationship with mental health services and supports: consumer, family member, mental health professional, friend, neighbor, etc. **And, most importantly, tell them "I vote in every election."**
