

**NAMI Keystone PA Call for Action March 27th, 2020 10:15 am EDT**

The spread of coronavirus is affecting every person in this country, but people affected by mental health conditions face unique challenges during this time.

Have you had trouble getting or staying on your mental health treatment plan? Have you had challenges getting needed medication, accessing therapy or other supports during this emergency?

**Tell us your story.** Help power NAMI's advocacy by sharing how local, state or federal government has helped you during this time — or tell us about challenges you've experienced that have hurt your ability to get mental health care.

**SHARE NOW**

Thank you for your continued support of NAMI Keystone PA and our mission to improve the lives of those individuals and families affected by mental illness.

Best Regards,

Nikki Dawson  
Advocacy Director  
NAMI Keystone PA
